

eTwinning project 2020-2021

Always be yourselfie

Goals

Students:

- Learn to know different cultures
- Express themselves using images
- Augment their ICT skills
- Make choices and express their opinion
- Present themselves in a good way
- Experiment with photography
- Work on a common result
- Increase their self-esteem

Project description

During this project we express ourselves with selfies of our daily life. Students take selfies about a topic and post them on Wakelet channels together with the selfies of the partnerschools.

The way we work is Coronaproof. Students can go on with the project using distance learning.

At the end we organise an online competition. Students can vote for the best selfies in the project. With these selfies we make an online book or poster. We also create a movie with all the selfies of the project.

Timeline

September:

- Partnerfinding
- Creating a logo
- Project trailer
- Preparing Wakelet

October

- Start during Erasmusdays
- Selfie with your favorite teacher
- Add some English words to describe the teacher
