## Did the technical part of the webinar work well?

39 antwoorden

If there were any digital problems, what went wrong?

17 antwoorden

-

No

Hdhjx

It wasn't the case

Sometimes there were small problems with llses mic (hard to hear)

Geen geluid bij de filmpjes, maar dat was misschien de bedoeling.

No digital problems.

internet connection

A bit difficult to hear you in the beginning.

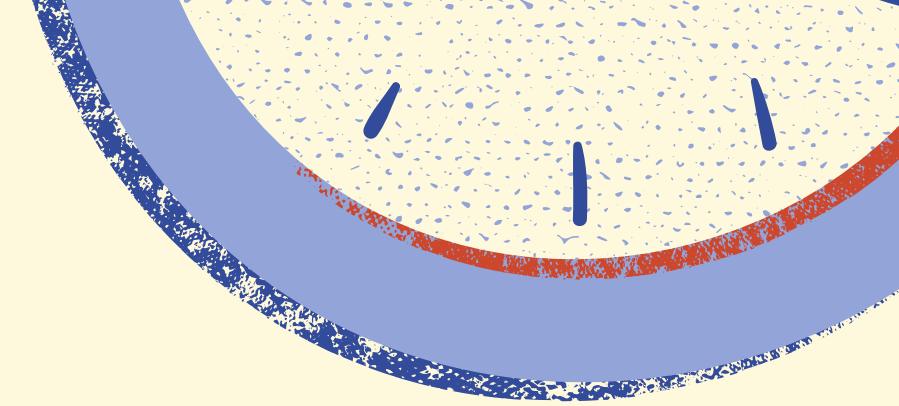

Nothing

Only problem with my personal internet - 5, 10 minutes. I'm sorry for that

The sound.

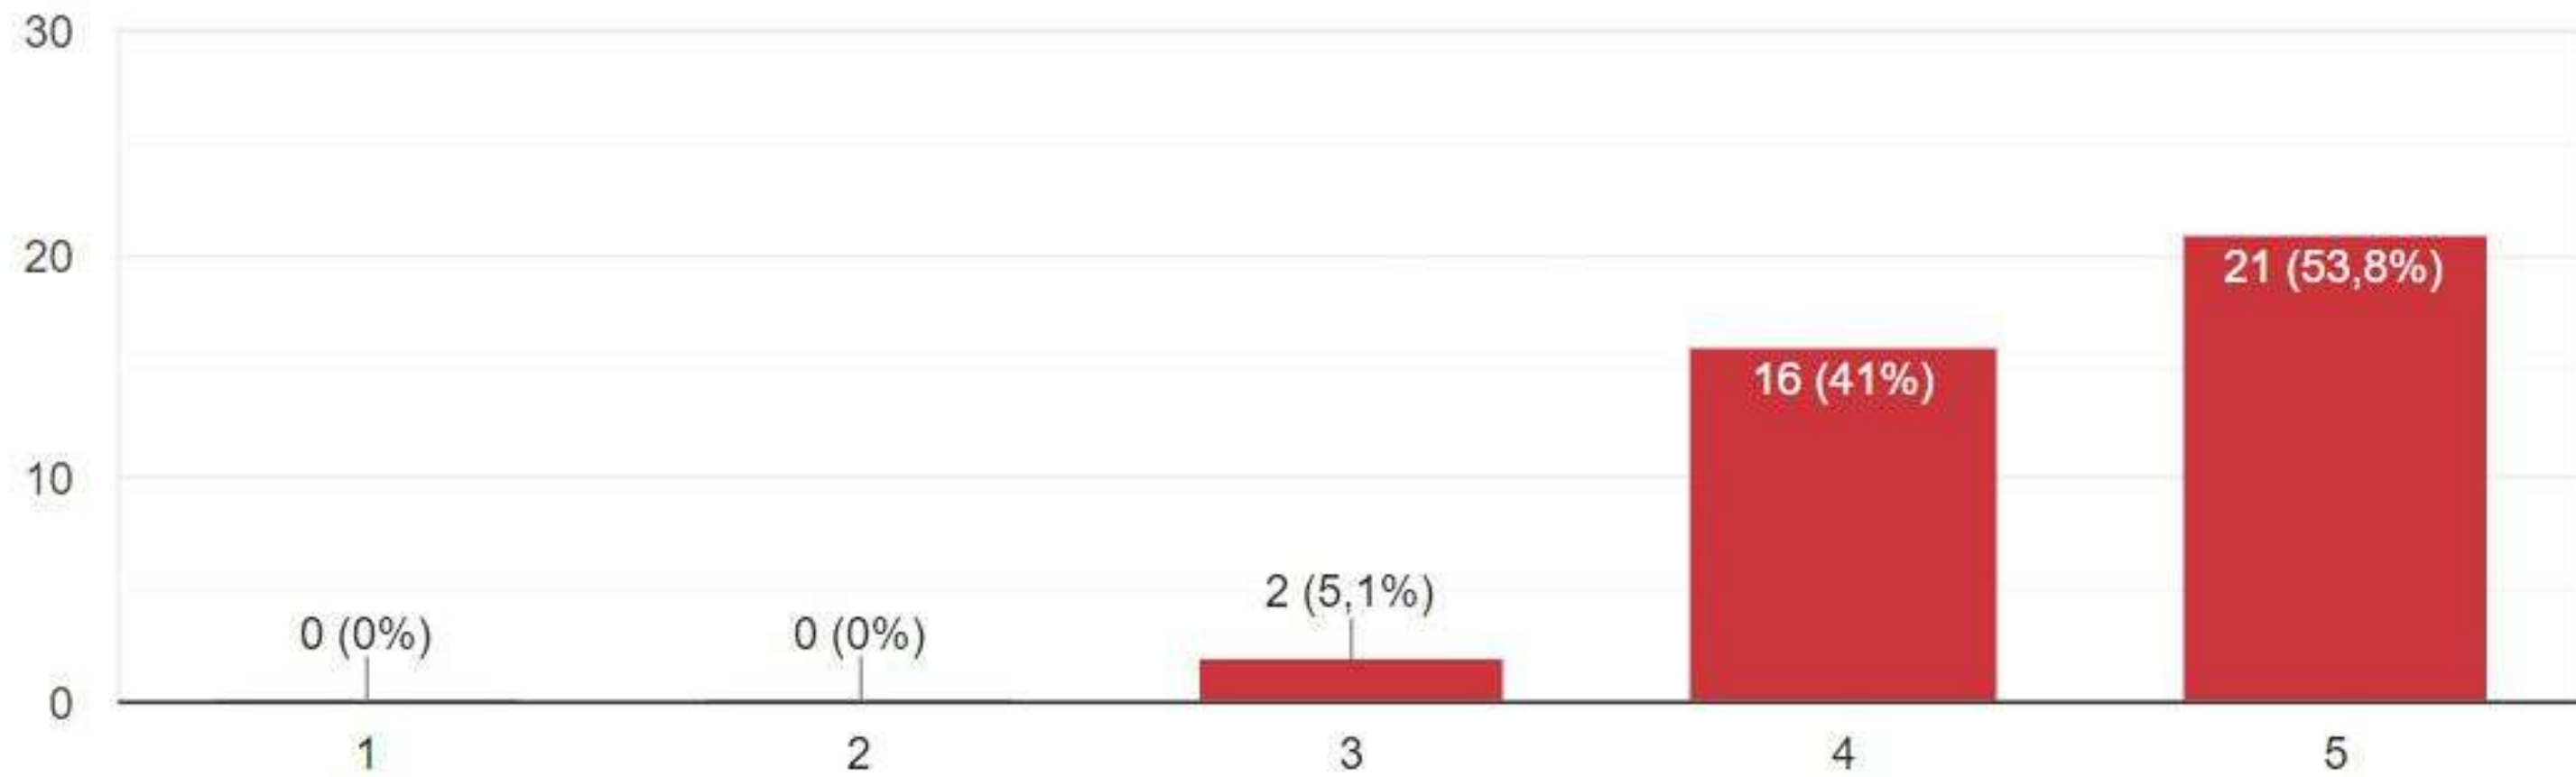

None

Nome

Was this webinar useful for your teaching development? For your school?

39 antwoorden

Which part of the webinar is useful for your teaching? For your school?

32 antwoorden

All

Hdhdjf

all is very usefull for me

Every part helped me learn something new :)

The part about Club 9

Useful ideas and examples

The way you teach them how to work

The training activities for students who are in Club 9.

The presentation of the intership program phase by phase

All part of the webinar.

The school organization. We need more practice in our classes.

Students of level 3

monitoring learning skills

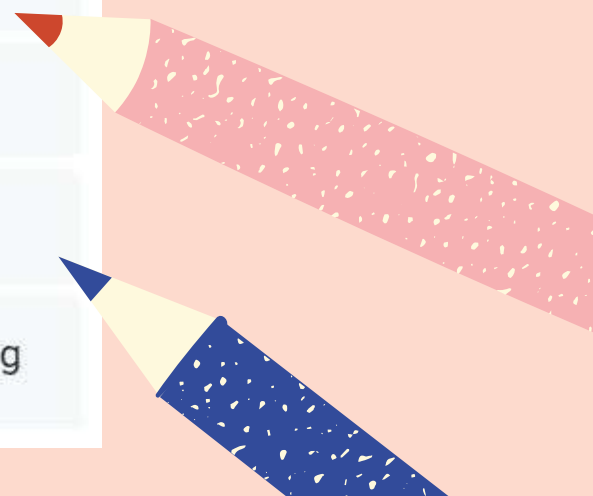

The internship part

It is very interesting to hear how you plan each individual student`s education.

Every part of webinar were very interesting and useful. I liked the most the photos.

part of professions

Examples of integration of children and young people in the labor market. How is the process of choosing and developing the choice of profession and others done.

Everything presented

How school can be inclusive

I liked preparation for a paid job in a sheltered workplace or the regular market with some extra support for the persons with moderate mental disability.

The involvement of the kids in social activities.

The use of a specific type of activities for each education level.

Scesialy the part og information om Level 3. We have many new taughts of how put our studens our in real businesses

Ik heb weeral allerlei dingen bijgeleerd over mijn eigen school. Interessant!

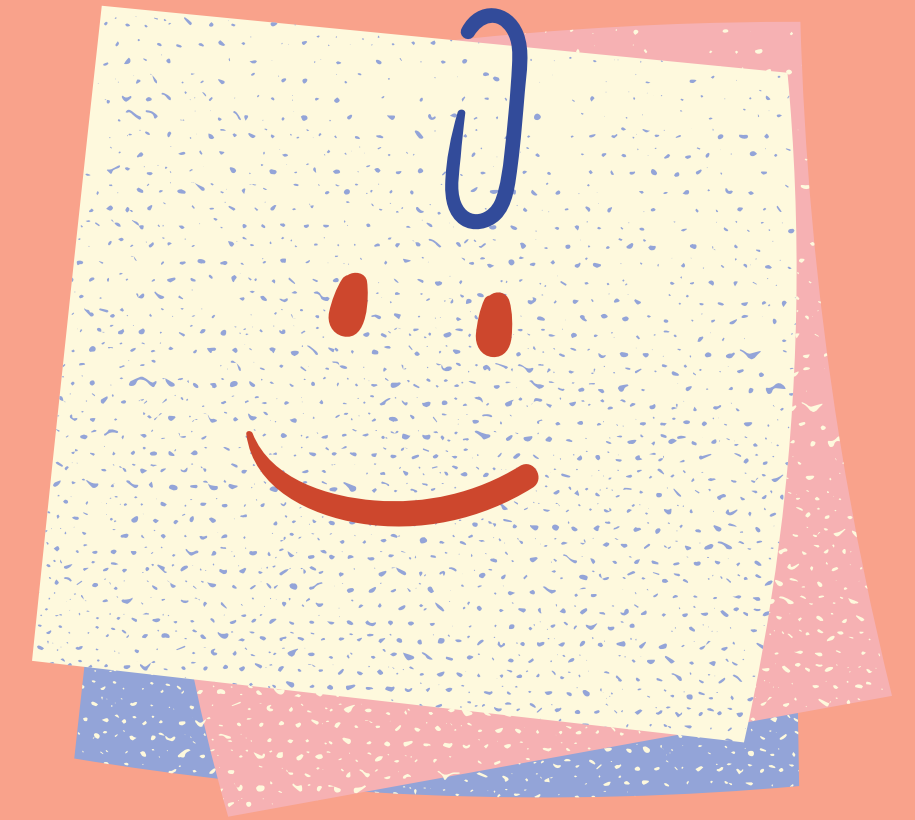

all

I'm a Psychologist, I work in a course of Almeirim Group of Schools calls "PIEF" and we have job training similar to this. I take some ideas from your work: questionnaires and final report, for example.

The organization of teaching

All parts. Sharing experiences of how to teach, learn and get better on our job and help students with special needs.

The practical examples of the activities are always very helpful.

Do you have some feedback for the Belgian team?

39 antwoorden

Congratulations!

Good job!

yes

Congratulations

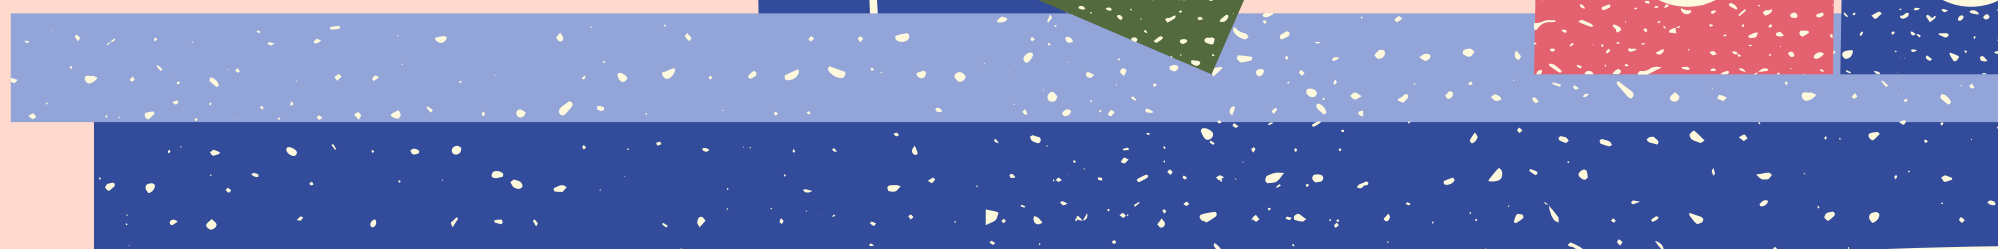

Jxjejxdx

Great job! Congratulation!

You did a great job!
